Please explain the **outstanding** contributions of the nominee **during the month of nomination**

Aanya Sharma has spent this school year as RHA's Media Coordinator, using her responsibility as RHA's liaison to the student body to ensure that our events and programs are well advertised and attended. She has exceeded all expectations and responsibilities required of her all year, consistently saying nothing but "yes of course!" to anything asked of her. The quality of The Flush, RHA's newsletter which is her responsibility to create, print, and disseminate, has undergone a marked improvement over the course of year, especially when compared with those of previous years. Not only does she excel at her own job, she actually took on the duties of another job at the behest of our advisers! She took over the previously vacant position of Web Coordinator within RHA, taking even more time out of her exceptionally busy schedule to create a brand new website for RHA. This new website, while splendidly accomplishing its goal of acting as a hub for information about RHA for our students, also managing to be the single most beautiful and impressive webpage RHA has ever had! Aanya's hard work and fun attitude is consistently appreciated by the entire organization, with her work setting an example for all of us of what can be achieved when you truly believe in hard work and perseverance for the good of others.
